https://www.tms.va.gov/plateau/user/deeplink_redirect.jsp?linkId=REGISTRATION&scheduleID=2294565

VA Catalog is no longer being used. Course materials will be posted on the TMS site.
To obtain course brochure and handouts: HOVER the cursor (do NOT click) over the title of the course in TMS. Next, click on “View Details”. Then scroll down to “Related Documents”.

Description: The purpose of this Audio program is to provide an overview of Telehealth in the VHA and the application of Telehealth modalities to the area of Movement Disorders. This knowledge based activity is the sixth in a six-part series on Movement Disorders in FY2012.

Outcome Objectives:

At the conclusion of this educational program, learners will be able to:

1. Understand the different Telehealth modalities currently employed by VHA;
2. Identify the steps required to implement Clinical Video Telehealth program;
3. Recognize how CVT and other Telehealth modalities can be used in the care and management of Veterans with Movement Disorders; and
4. Discuss the pros and cons of CVT.

Registration/Evaluation/Continuing Education:

- **Pre-registration is now required through TMS.** Online Evaluation will be available through TMS only.
- Continuing education credits for physicians, nurses and psychologists have been applied for.
